Coach's contacts:	mobile:	e-mail:	
Student's name and surname:			
Evaluation for:	1st term		2nd term
EVALUATION - mark with a <u>cross</u> the description that best describes the student			
1	<p>Student achieves excellent sports performance in the sport. He/She is a player of the 1st or 2nd League, he participated in the national championship, international and top competitions (European Championship, World Championship, Olympic Games, etc.). He/She achieves an excellent level of physical performance due to his/her individual assumptions. His/Her movement performance and stamina has an increasing tendency. He/She has a positive relation to physical activities. He/She is engaged in sports training activities and in sports activities at competitions, tournaments and training camps. He/She is disciplined, creative and well prepared for sports activities.</p>		
2	<p>Student achieves good sports performance in the sport. He/She is a player of 2nd or 3rd League. He/She is active and reaches a standard level of physical performance due to his/her individual assumptions. He/She maintains movement performance and stamina. He/She participates in sports activities, participates in competitions, tournaments and training camps. He is active, disciplined and well prepared for sporting activities during the regular training.</p>		
3	<p>Student achieves a weaker sports performance in the sport. He/She is rather passive in physical performance and does not reach the level to which he/she has individual assumptions. He/She does not show any interest and effort to improve his/her performance and stamina. He/she does not engage independently in sports training activities and does not participate in competitions, tournaments and training sessions. There are deficiencies in the preparation and in his/her sports performance. There are unjustified absences in sports training and competitions. He/She violates the principles of good sportsmanship.</p>		
4	<p>Student has a poor sports performance in a given sport, he/she does not participate in competitions, tournaments and training camps. He/She is not interested in movement activities and he/she does not reach the standard in acquiring movement skills despite having individual assumptions. He/She does not show any interest in improving his/her physical condition and the necessary knowledge and sporting skills. He/She is inactive, very poorly prepared for the training process. He/She very often unjustifiably omits sports trainings. He/She violates the principles of good sportsmanship.</p>		
5	<p>Student has insufficient sports performance, he/she does not take part in competitions, tournaments and sports camps. He/She is totally indifferent to sports training, he/she ignores the content of teaching and refuses to engage in sports training activities. His/Her movement skills do not reach the standard and show no interest in improving his/her physical condition. He/She also refuses to engage in individual and collective activities. Very often he unjustifiably omits sports trainings. He/She does not adhere to the principles of good sportsmanship.</p>
